Cotwall End SEE 6th July 2006

Results .

Thank you for coming to Cotwall End SEE . The evening was dry, in contrast with some surrounding areas , and no controls were vandalised . Unfortunately I got the code for Control No 4 on the Green wrong on the control descriptions, for which I am sorry. I blame it on the heat. Whilst some of you may find it hard to believe I did plan the courses to try to keep you in the better areas, the vegetation was very bad in some parts, even worse than you might have experienced .

Many thanks to those of you who helped with control collection .

Mike Dugmore.
