It was pleasing to see new and old faces at this event and I hope evryone enjoyed their runs, despite the high bracken, steep slopes and fading light. Being used to the usual suspects, my key takeaway from the event was to consider the needs of newcomers more in future and provide Plain English control descriptions rather than symbolic and not to cover the legend with the description!

Thanks to Peter L, Russ F, Andy H and Robert R for their assistance retrieving controls, especially as it was quite dark when the last controls came in and to all competitors for their patience at the late start and some controls being near the stated feature, rather than on it, r.g. wrong boundary, wrong tree to name but 2 . AMJ
