Thanks to all those who attended the Harborne NSL. I was pleased that I managed to confuse Alison a little on the short course, allowing Jackie to take the lead. The medium turned out to be a little long ... apologies for that, however well done to Peter for completing in the shortest time, with Russ not far behind. I was particularly impressed how rapidly people finished the long course (congrats to Richard, Dave and John especially) and was happy that three different route choices were taken by the competitors over one particular leg (shown above). It is good to see more long-course rivalry this year (I will look forward to competing against Brian in the remaining NSL's! Jacket potatoes with cheese and also cake (kindly supplied by Richard) were enjoyed following the event.
