

HOC League Rules from 2015

- The league will run from 1st January to 31st December. Events to be included are those where Members are representing HOC, so they include all the West Midlands League Events, the Laurie Bradley New Years Day Score and the CompassSport Cup.
- The league is open to all members of Harlequins.
- The competitors best scores on 50% of the league events held will count to their total league score. The number of counting events will be rounded up, e.g. if there are 11 events then 6 best scores will count.
- Harlequins acting as major officials at a league event, i.e. planners, organisers and controllers, will receive a score equal to their best score on other league events. Officials may only earn one score in this way per year.
- Scores will be awarded for all TD4 and TD5 courses, i.e. Light Green and upwards. Times on each course will be adjusted by the corrected lengths of the courses to give a time taken if all the courses were of the same corrected length. Corrected length is the length of the course plus an additional 50m for every 5m of climb. Lengths and climbs will be as stated on the course description, except if one or more legs are removed from the results of a course the corrected length of that course will also be adjusted to remove the leg(s) in question.
- The average time for the fastest 3 Harlequins will be calculated. All Harlequins will be awarded a score of $1000 \times (\text{average time of first three runners}) / \text{Runner's time}$.
- Scores will be rounded down to whole numbers.
- Age categories will be as for the Club Championships. Running up is not permitted. Prizes will be awarded for the best male and female in each age category.
- A separate league will also be calculated for TD3 (Orange and Red), TD2 (Yellow) and TD1 (white) courses on the same basis as the TD4/5 league. Prizes will be awarded on these leagues dependent on the numbers of scorers and their age ranges at the discretion of the committee.

League Rules 2011 to 2013

- League events were selected from HOC events to form
- Scoring was as above but separate leagues were created for:
 - TD5 (Very Short Green and upwards),
 - TD4 (Light Green),
 - TD3 (Orange and Red) and
 - TD2 (Yellow) and TD1 (white).
