

Harlequins Orienteering Club

RESULTS

HOC Night Street League. Droitwich Spa

on

Thursday 23rd January 2020

Hello,

Apologies for the delay in posting the results,. The printer did not recognise some 20% of the Si details provided on the entry form so the mismatch had to be sorted after the event by phone and e mail. Many thanks to John for sorting this.

Droitwich was chosen largely as it hadn't been used for an event for some years, is nicely placed for runners from both Birmingham and the Worcester / Malvern areas, and seemed just the right size for an A4 Open Orienteering map. The fact that it is on a direct rail line from Ledbury sealed the deal, so it was great that so many of you arrived to explore the area.

The planning aim was to provide options to collect a useful number of 30 & 20 point controls to achieve a respectable 300ish score without having to visit all the peripheries of the map, but leaving a sprinkling of 10, 20 & 30 point controls around the edges for the faster runners to show their mettle.

The area was planned, and checked on the day on the faithful folding bike, which recorded 14.6km on the full circuit, so I felt it unlikely that the course would be cleared by any, but have been complacent on this assumption before, so added controls 25 & 26 as "throwaway" visits just in case of a super-rapid run. There were 540 point on offer, so the impressive 470 points gained by Richard P looked pretty good to me.

The basic route I had in mind to achieve a 300 point score was 1 - 19 - 11 - 3 - 12 - 2 - 10 - 9 - 7 - 16 - 6 - 17 - 8 - 28, and I see that variants on this theme were chosen by several of you.

I have been reasonably lenient on the scoring, certainly allowing the shopping centre control for all who claimed it - I'm afraid it didn't occur to me that the whole area might be gated of at night. Top prize for initiative, though, must go to Steve Chillerton who somehow managed to break through to visit the control. Best not to ask how!

I did consider bonus points for this feat, but opted not to become complicit in any bylaw felony.

Hope to see some of you in a few weeks at Hope End / Oyster Hill - the change of venue decided by ground conditions as the area is well drained and pretty well mud free, even in a wet winter.

Colin Palmer.
