Organiser's comments

Thanks to everyone who helped at the event and to those who took part. Well done to Dave Ellis and Mick Sadler who managed to get the courses set up quickly enabling us to let people start shortly after 10 am. Unfortunately the electronic punching failed but thankfully we had a simple backup system which has enabled me to provide you all with the results. I hope that the times given are correct. If not please let me know. We raised £ 9 from car-parking fees which we will be donating to Bishop Walsh School as a thank you for allowing us to park on their grounds. Any comments or feedback to ian.gamlen@virgin.net . Hope to see you at Queslett on 6/3/11.

Planner's comments

A cold morning, but not as cold as the original date before Christmas! Glynn Roberts and I planned the courses, the first time we have used this area. It was the first event I have planned for over 15 years, and it's good to be back! The mapping was done in summer 2008 and several people commented on a few areas of growth of the green stuff since then! We hope you enjoyed the courses, the long course was a bit contrived to fit 5Km into a relatively small area, and the challenge of Plants Brook and the distribution of bridges caught a few out. Any comments to me at bigstridesconsulting@virginmedia.com
