--	-----------

Neill is a keen runner and hasher. Though he seldom Orienteers, he has run two Night Street Events for Harlequins, as well as planning the last SEE of last season on the Old Hills. Thanks, Neill. Neill's Malvern course were a good test of thinking at speed. The area does not have a maze of small paths, but its layout is such that it is impossible to go vaguely straight; each leg presenting a major route choice challenge. This, combined with the inevitable Malvern climb, testing physical strength, contributed to a very enjoyable evening.

It was good to see Lester running again on the roads, after a couple of year's absence from the NSL scene. He has had mechanical problems running on hard surfaces. We had a couple of welcome guests from EPOC (friends of Judith's?) and Neill's kitchen was filled with excited conversation. For some reason, of which neither were clear, Brian Hughes was asked to present Judith with the SEE Ladies trophy, providing an ADHOC photo opportunity.
