Planner and Organizer John Pearson.

It was great to get back to Redditch after an absence of many years. John had planned some excellent courses that presented difficult navigational challenges, and route choice on most legs, I found it much harder than several conventional courses that I have run recently. Luckily the snow showers that had been falling all day, stopped just before the first start. We are very grateful to Pat for putting up with us, and to John for putting on the event at a very busy time of term. Annie and Kelly oversaw the timing, and helped us to the delicious after race spread. It was good to see Mike Baggott making his first appearance of the season.
