

BOURNVILLE NSL PARK EVENT RESULTS

I hope everyone took part enjoyed visiting the parks and open spaces around Bournville and Cotteridge. I couldn't match the finish times achieved in Bewdley but that may have proved a relief. I was disappointed that none of the head bangers were aware that a boulder has to be 1 metre high to go on an O map (ISOM2000), they had to select from a group of five in Cotteridge Park, three of which were only half that height.
