

Orienteering on the Ten O'Clock News: Erdington NSL Event, 4th November !!

To my delight, my Street Event was the leading item on the news, just an hour after everyone had left. The reporters, however, got some details incorrect. The supposed 'front-runners', two newcomers called Obama and McCain, in fact had not turned up, and it was left to the 'old campaigners' to complete **'The Race** around Erdington and back **to the White House.**

Was race an issue in this race? Can you punch a punch? What does 'mean' ,mean? Who knows? On a dry evening all the runners enjoyed their outings, and early points were claimed in the new season. Many thanks to Penny for arranging the carbo-refuelling!
