Organiser Comments

I was a little worried the day before that there were only 5 entrants but thankfully a few email reminders doubled that number on the day – thanks to those who eventually turned up on a such a cold, wet damp evening.

The new coloured map was well received and congratulations to Adrian Bailey on spotting one cul-de-sac missing on the map that in fact was only two Closes away from where I live !!! The correctly numbered taped lampposts were successfully located by all competitors, even Russ.

Thanks to Mike for bringing his motor-home to act as start and finish and to Energie Fitness Centre for providing toilet and changing facilities.
