

Night Street League, 25 November 2021

St John's, Worcester

Commentary

Thanks to the nine competitors who turned out for the St John's street event on a dry and chilly evening. The score course of 25 controls used MapRun6 to control the event and the paper map was based on Open Orienteering's mapping. The event covered streets and footpaths in St John's, Henwick, Lower Wick and Dines Green areas of West Worcester. A fast pace was required to visit all controls in under an hour and Richard Price completed the course in 59 minutes, covering 14.3km according to MapRun6. Eloise Lee managed 23 controls in 55mins 30 secs, covering 11.7km. Congratulations to them both and to everyone who took part in the event. It was good to be back to the Night Street League!

<i>Table of positions</i>	<i>Male</i>	<i>Female</i>
Richard Price	1	
Eloise Lee		1
Robert Rose	2	
John Leeson	3	
James Thomas	4	
Paul Hammond	5	
Rhiannon Fadeyibi		2
Nigel Cousins	6
