League Coordinators Comments

Despite Richard Price being extremely busy at work and not able to compete fully in the 23/24 NSL series, he still managed to find time to devise a great evening of urban and indoor (see separate report) orienteering in Codsall, from the delightfully named 'Jungle Boogie' centre.

An extremely challenging layout of controls tested even the fastest of runners with Richard taking over 90 minutes to clear the controls in an 18km run to check them out. It was great to see our club mate Steve Nightingale make an appearance alongside some guests from Richard's Sedgeley Striders running club.
