Many thanks for coming along to the Tettenhall Night Street League. Something slightly different with a longer time and plenty of route choice but hopefully enjoyable and a good chance to see the nicer side of Wolverhampton.

Above are the results.

There have been a few issues with Map Run as of late. It has been awarding points for running through the same control twice. The results have been edited to reflect this. 20 points have also been awarded in addition for Start and Finish which will be awarded as it makes no overall impact on results.
