Thanks to all who turned up and made the event worthwhile: Rock Coppice is a lovely little wood – apart from the undergrowth. I was a bit concerned when putting the controls out that the courses would not be particularly enjoyable but everyone seemed to have fun (to varying degrees!) It's always nice to welcome new faces and people from other clubs.

Special thanks to Brian and Emma for collecting in controls – it was much appreciated (and to Marian & Andy for counselling support when I thought I had locked Brian's keys in his car.....)
