

CLENT HILLS JUNE JAUNTER - Thursday 16th June 2005 - Results

A new name in first place - well done David Nevell who arrived on his bike (and it is a mighty climb on a bike even to get to the start). Corinne and Richard used the opportunity to put in some training with their backpacks, and Mike Baggott insisted on exhausting himself by doing the course on his mountain bike (22.29) before his proper run. Iain Embrey wasn't satisfied with going round once - he had a second run the other way round, taking just 8 seconds longer. Nice to see ex-pat Mike Burt again - a former Harlequin from many years back who called in during a visit from his new home in Australia.
