Thank you all for turning up on a lovely sunny evening.

I am missing control sheets from 5 people on the green though I do have one sheet without a name which is correct. I am giving you all the benefit of the doubt. Peter Hornsby missed a control because it had been collected in so his result stands.

Many thanks for all the willing control collectors Charlie, Russ, John Embrey, John Leeson, Mike and Richard.

The orange course was planned by Robert Vickers with a minor change. I tried to make the green and blue as technical as possible while avoiding 2nd master maps on the green or 3rd ones on the blue. The result was a lot of controls and short legs so not the best for the runners amongst you but I hope it tested the navigation on an area which can be tricky.

Apologies for the lack of overprinted maps but I had to get the maps to the printer before I had time to plan the green and blue. Many thanks to Robert for taking over from me originally when I injured my knee at the JK. I was glad I could take the event back when Robert was no longer able to do it.

No vandalism this time!
