

Pitcher Oak Wood SEE Thursday, 16 May 2006

Thanks to all of you who took part particularly those who collected controls. It is always nice to finish off the evening on time, in the light, only having spent 5min collecting in 3 controls.

Apologies to those who spent time trying re-map the area whilst looking for controls in the bottom of tiny pits hidden under holly trees in areas that had expanded over the six years since the area was last mapped. (I did warn you).

I promise next year, after I have retired, as well as redecorating the house, shopping, cooking, cleaning etc (Sue has an ever growing list) I will remap it myself.

The competition was so hot on the blue course several competitors nearly came to blows when they realised some self timers had a minute discrepancy between their time and mine!

I will have to buy a new digital clock. I thought it was a friendly informal summer evening training event/ social! Next round Malvern.

(OD doesn't have these problems their Hay Wood wed. evening event had pre-marked maps and e-mit electronic punching with a print out at the finish!)

Mike

PS please email me if you have any problems with results.
