8	Vicki Archard		NGOC	94.32	-5	89.32	

(Bonus controls: 9,13 - 3 visits each)

Organiser's Comments: Thanks for coming on what turned out to be a delightful summer's evening. Apologies for the late appearance of these results as I was separated from them for three weeks immediately after the event. The numerical order only score format seemed to work well and there was a surprising amount of variety in the routes taken. As usual, use of the small controls slowed people down a bit – I had to put them low on the crag features or they would have blown away. I can't be sure what the best routes on Green and Blue were – it depends on your preference for climbing and also upon the effect of the 5 minutes bonus.

Dave Nevell
