Thanks to all who turned up. I hope you all enjoyed running on a new area even one as small as Morton Stanley.

Sorry Kirsten, who was given the Green Map when she wanted to do a Blue course. Also apologies to those who wasted time on the Veg. boundary I blame to the mapper who put the veg boundary in the wrong place. Those who couldn't find the control plate at the bench, some lads had covered it in leaves! I hope your enjoyment was not spoilt.

Could I also put in a request for SI timing for SEE. All we would need would be a start box, finish box, check box, a dozen or so dibbers to hire out and a printer/ timer. This would mean once the event had started the start, finishing and timing would look after themselves.

The Organiser could then concentrate on hosting the event.
