

Clent Hills June Jaunter - 18th June 2009 - Results

Robert Vickers

Slightly fewer runners tackling the Clent Hills than last year, but still a decent turn-out on a pleasant (if breezy) evening. It was good to welcome a couple of first timers, as well as the wily old-hands who have had several years to polish up every opportunity for improved route choice.

Victory this year went to Richard Dearden, for the third year running, but alas 20 seconds slower than in 2008. It would appear that Richard's prospects of challenging Barry Parkinson's long standing record are receding...

Thank you all for supporting this traditional HOC event, and my thanks to David Williams for again looking after the shop while I made my own (unsuccessful) attempt to reverse the decline of advancing years.

Don't forget there is a complete spreadsheet of all known June Jaunter times on the HOC website. If you can help with any missing data, please let me know.
