10. Colin Palmer	83.55

Dennis Mews 55.40 1<sup>st</sup> half only

Dave Wheeler not on registration sheet  
Course? No control codes Finished? 95.27

### Comments

Thanks to all those who turned up, I hope you all enjoyed your run/walk.

It was nice to welcome the Scouts who made up almost half the competitors. Thanks to John Pearson who took responsibility for helping them to get started and explaining the intricacies of the Sport, I couldn't have coped without him. Thanks also to Fiona for bringing such a splendid and enthusiastic group of young Scouts who were excellent competitors. In complete contrast I had some problems with a group of local lads who saw me put out one control and moved it twice. Thanks to Charlie for replacing it before it affected any courses. The map is well overdue for a complete update. I did do some minor updates where I thought control sites were affected but only if approached from the same direction and on the same new path I took. Unfortunately some corrections were made from a failing memory eg the path through the fight from 4 to 5 on Blue was not quite right. It's only worth doing so much for a training event and I hope this didn't spoil your enjoyment.

Mike

p.s.

I tried hard to find an excuse to disqualify John Bennison but failed.

Don't forget next Event Thursday 19th Adams Hill, Clent
