

Old Hills – May 2<sup>nd</sup> 2013

The weather was brilliant, the crowds came out in their hundreds (well at least a lot of them for a SEE) and some very fast times were posted. There were over 70 people present thanks to a contingent of Malvern scouts with in excess of 50 separate entries (the scouts went round in groups).

The only significant problem was with control 9 on the blue course. I put this out on Wednesday afternoon and then checked it again at 4.30 on the day. At that time the control was in place but unfortunately someone chose to move it over the course of the next hour. My apologies to all those who lost a few minutes trying to find it.

As for the results I have decided only to disqualify those who made two or more errors (and that was no-one). Those who made one error - poor eyesight in reading the last control (on the green course), illegible hand writing, out of time (before last control collected in) – had obviously completed their respective courses correctly.

Thanks to all of those who came along and to Justin H and Peter L for offering to collect in controls.
