

Results of the Morton Stanley SEE 6th June 2013

Thanks for all the support - it makes all the effort to put on the event worth while.

It was particularly nice to see the Scouts and Guides enjoying an evening not getting lost and honing their Orienteering skills.

My apologies for the somewhat chaotic organisation, this is why I don't get involved in major Events. I didn't give myself enough time to put out all the controls after work and was perhaps too eager to let those who turned up early to go before I sorted out the organisation. This resulted in me putting two sprint controls some 10 metres apart near the start the wrong way round and the Green first control on the wrong fence for early starters. (quickly corrected for those later runners). One control went missing in spite of being gripped to a tree!

The omissions in the results are because registration slips were not filled in fully. If you want the information corrected on the web, email me or Peter Langmaid.

Those serious orienteers who didn't read the instruction sheets which clearly said the SPRINT was part of the COURSE and have recorded "controls missing" have not been given a position, in fairness to those who completed the course. Separate positions for the SPRINT across Blue and Green have been included for interest and **do not** accrue league points.

Thanks to Peter, John, and Karl for collecting controls and helping tidy up.

Mike

(The SI Start Finish Check stakes and three SI controls 91-93 went to Robert for the next Evening event (The CLENT HILLS JUNE JAUNTER - Thursday June 20th 2013). I will take everything else to OD's Elmdon Park on Wed if anyone needs it. If not I will take it to Roberts event and hand it over to Kerstin.)
