

Results SEE2 - Worcester Woods – May 8th

Thank you to those who braved the weather to make the trip to Worcester. In fact after a very wet day, the evening turned out dry and fine. The Country Park proved an ideal venue (and thanks to Robert for negotiating the use of the toilets). The eastern parts of all 3 courses were fast and straightforward whilst the woods, although not extensive, can be tricky because of the network of paths. We have checked all control slips. Two people omitted number 11 on the Green course so at the end I sent Andy out to collect it in and he confirmed that it was in the right place.
