We enjoyed a lovely, warm summer evening at Ghuluvelt Park, welcoming some young beginners and some old friends. It was particularly nice to see Ant and Gil Clerici again, and to find out that their house was actually on Brian's map.

Many thanks to Andy and Marion White for helping me set up and to Gill and Ant Clerici for helping to collect in the controls. Apologies to Sue Howarth for asking Ant to collect in controls too soon, which meant that her Control 25 had disappeared! Looking at the splits, I think that Peter would have pipped her to the finish so I've left the order as shown.
