Thank you for every one for coming. It was nice to see some new faces amongst the regulars. Keep an eye on the website / Facebook for the latest event news. I am sure we will be organising both a winter evening and a night street league in the Autumn.

Well done to Richard Price for clearing all the controls with time to spare to win the men's category and congratulations to Eloise Lee for being the woman's winner.

I was worried the area might be too easy for some, but the spider web of paths proved tricky enough to give the brain a challenge, perhaps a night orienteering event here in the future? :)

If you think I have made a mistake with your result, please email me at robthomasrose@icloud.com

Thank you to James Thomas, Mandy Makereth, Peter Langmaid, Richard Price, Sammy Pritchard for collecting in the controls.

Thank you to Brain Hughes for producing an updated map.

Thank you to Robert Vickers for organising permissions.
