

UFFMOOR WOODS 19th May 2022

Organiser: David Williams

We MUST put a Sunday event on here next spring – I suspect the woodland is at its optimum with respect to runnability and who knows what the Woodland Trust might have planned management and felling -wise in the future.

The position of control 10 was questioned. *“It’s on the stream junction way to the North East”* (and directly South 9). Here is my track from Thursday:

I think I got it in the right place. I tried to keep you a) in the terrain and b) thinking for most of the race – and no one cleared them all in time – Chris McCartney coming closest. The least visited controls were 14 and 17 – as expected but I am surprised that only half the runners visited 23 – so close to the finish and a “gimme” – but then many would have been very tight for time.
