

Hartlebury Common Summer Series event 15th June 2023

Thanks to all who ran on rather a warm evening and to those who hung on and helped to collect in controls.

Hartlebury Common is rather a tricky area on which to navigate particularly in summer when the bracken is up. The Medium course proving a little tough possibly. A month earlier and navigation would have been somewhat easier with lower undergrowth.

Apologies to those who lost a little time at 66 caused by a member of the public moving the control a few metres and to Alison who thought she had run the Easy (ier) course rather quickly to realise, after finishing, that I'd not given her the Medium course map as requested.

If you spot errors please let me know.

Congratulations to the 3 winners; Richard Cronin, Adrian Bailey and Alison Sloman

Charlie Nelson, Planner and Organiser
