

Great start to the New Year at Kingsford, looks like those that thought about it did really well and those that blasted off did really.... well not quite so good. Fantastic effort by Jason to clear the lot in 53 minutes, 'nearly' closely followed by our erstwhile leader John Leeson whose tardiness towards the end very nearly lost him what was a very solid second place. One or two foreigners (but most welcome) got in the way then before the Ubercool Mike the Baggott sauntered in. An excellent turnout by the Ladies saw Kerstin having an 'out of skin' run to easily win (did someone mention drugs testing? only joking Kerstin well done), but she has new competition from Sue Howarth second and of course our own Alison Sloman who came in third. Well done to everyone and thanks to Andy H, Kerstin, Robert Rose and Peter Langmaid for collecting controls and to others for help dismantling and putting away. Next Event Worcester Woods, Jan 22nd. See you all there. Barry Houghton
