

Dudmaston WEE – 10th February 2022

What a great team we have. So many willing volunteers. Everyone worked really well and all controls in and packed away in record time, so we could get to Tony's Diner in time for a meal. So many helped, I can't remember exactly who now, so many thanks to you all for your efforts and thanks also to Andy H for providing the First Aid cover.

The event itself seemed to go down OK, not many complaints. Not too difficult or extreme an area, especially now with the new 'All Access' path., but a good area for a night event or a relay maybe.

Outstanding performance has to be Kristof, clearing all controls in 43minutes!! How? Unfortunately he plays for the opposition, better give him a nudge into the undergrowth on Sunday 😊. Well done David, who was NOT knocked from his top HOC position by young mister Leeson, I credited John with one more control than he actually had! Thanks for pointing this out John. Andy H was pushing them both a little, to get 3rd HOC place. Eloise was a convincing winner on the Ladies event. Kerstin had obviously been taking 3 Weetabix a day and pushed out Marian for second. Apparently Marian couldn't find the finish?

Good fun all round I hope. See you at Burlish Top for the grand finale.
