Thank you to all who attended on a warm dry evening for a muddy foray in the woods.
 Significant thanks to Paul Basher, who kindly stepped in to put out controls, due to a diary clash of mine.
 And thanks to the control collectors, David W, Kerstin M, Richard P, Robert R and Peter L

Well done to Rom on bagging all controls, albeit with penalties. I didn't expect anyone to visit them all, given the nature of the ground and off track navigation required in some places.
 #6 challenged some, but splits averaged within the 2-3 minute mark for most runners. The site was visited twice by me and confirmed by the Mark 1 eyeball, OCAD Sketch and Paul, putting out, so I'm confident it was in the correct spot.
